SUMMARY

Software Engineering student with a strong academic record (3.84 GPA) and experience in full-stack and mobile application development. Passionate about software development and problem-solving, **seeking opportunities for Software Engineering internships** to apply skills in real-world projects. Experienced in building scalable, secure, and user-friendly applications with a focus on clean architecture and maintainable code.

EDUCATION

Universiti Teknologi Malaysia (UTM) <i>Bachelor of Software Engineering</i>	2022 – Present <i>Johor, Malaysia</i>
<ul style="list-style-type: none">– GPA: 3.84/4.00– Currently in third year, second semester– Relevant coursework: Data Structures & Algorithms, Database Systems, Software Engineering, Operating Systems, Software Design and Architecture	

PROJECTS

WiseDose - Medication Reminder App <i>Flutter, Firebase</i>	2025
<ul style="list-style-type: none">– Developed a mobile application that reminds users of their daily medication doses– Implemented features for tracking intake and monitoring health data securely– Used Firebase for real-time data sync and user authentication	
Real-time Messaging Application <i>Flutter, Firebase</i>	2025
<ul style="list-style-type: none">– Built a real-time messaging platform using Flutter and Firebase– Designed secure login flows and integrated push notifications– Implemented intuitive chat UI and message persistence	
Full-Stack Web Application <i>Next.js, Express.js, MongoDB</i>	2024
<ul style="list-style-type: none">– Built a full-stack application with user authentication and dashboard functionality– Created RESTful APIs with Express.js and secured endpoints– Used MongoDB for data storage and managed collections via Mongoose	
Dynamic Website <i>JavaScript, PHP, HTML, CSS</i>	2024
<ul style="list-style-type: none">– Developed a dynamic, responsive website with server-side scripting– Handled user input, form validation, and database integration– Applied security practices to prevent XSS and SQL injection	

TECHNICAL SKILLS

Languages: C++, Python, JavaScript, PHP, Dart, HTML, CSS
Frameworks & Libraries: Flutter, React, Next.js, Express.js
Databases: Firebase, MongoDB
Tools: Git, RESTful APIs, VS Code, Figma
Interests: Software Architecture, UI/UX Design, Testing, Cloud Development

SOFT SKILLS

Attention to Detail, Analytical Thinking, Problem-Solving, Communication, Documentation, Team Collaboration, Time Management

LANGUAGES

English (Professional proficiency), Arabic (Professional proficiency)
